Hoofland's German Bitters,

AND

HOOFLAND'S GERMAN TONIC.

The Great Remedies for all Diseases of the

LIVER, STOMACH, OR DIGESTIVE ORGANS.

Hoofland's German Bitters

Is composed of the pure juices (or, as they are medicinally termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixture of any kind.*

HOOFLAND'S GERMAN TONIC,

Is a combination of all the ingredients of the Bitters with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

HOOFLAND'S GERMAN BITTERS.

Those who have no objection to the combination of the Bitters, as stated, will use

HOOFLAND'S GERMAN TONIC.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as closely as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh Constant Imaginings of Evil, and Great Depression of Spirits.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skilfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *Dr. C. M. JACKSON,*

PHILADELPHIA, PA

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposure, Fevers, etc.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into their veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publication of but a few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Penna., writes:

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours, truly,

GEO. W. WOODWARD."

HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 28, 1866.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia, I can certify this from my experience of it.

Yours, with respect,

JAMES THOMPSON."

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates st.

FROM REV. E. D. FENDALL,

Assistant Editor Christian Chronicle, Philadelphia.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver. Yours, truly,

E. D. FENDALL.

DRINK WATER.

Drink, drink, drink,
  Drink from the sparkling rill,
That gushes from the mountain,
  That gushes down the hill.

Drink, drink, drink,
  Drink and fear no guile,
There is health in every drop,
  And naught that can defile.

Then drink, drink, drink,
  And fear not for the morrow,
It brings no sleepless nights,
  No dread heart-breaking sorrow.

It brings no specters dim,
  To dance around thy pillow,
No consciousness within,
  Of wrong done to thy fellow.

No dark and blighting care
  Will it bring to thee or thine,
But sun-light, bright and fair,
  Will e'er around thee shine.

As long as thou dost shun
  The Demon of the still,
And drink and quench thy thirst,
  At the life-giving rill. J. S. G.

Wanting Friends.—"I wish that I had some good friends to help me on in life?" cried idle Dennis with a yawn.

"Good friends! Why, you have ten!" replied his master.

"I'm sure I haven't half so many; and those I have are too poor to help me."

"Count your fingers, my boy," said his master.

Dennis looked at his large, strong hands.

"Count thumbs and all," added the master.

"I have; there are ten," said the lad.

"Then never say you have not got ten good friends, able to help you on in life. Try what those true friends can do, before you begin grumbling and fretting because you do not get help from others."

The Manchester *Guardian* relates that Mr. Thornton, the British minister to Washington, on the eve of his departure for America, met an American gentleman, whom he did not recognize as a member of the Republican party, and to whom he praised Mr. Johnson highly for his administrative vigor and skill. Finding no response, he modified his tone and said: "At all events, all must admit that he does wonders for an entirely self-made man." "It may be so," was the rejoinder; "but, if he be self-made, I will say that it relieves God Almighty of a grave responsibility."

A Clergyman, while sitting on the gallery of the Connecticut legislature, when that body was putting through divorce cases wrote impromptu:

"For *cut*-ting all *connect*-ions famed
Connect-I-cut is fairly named;
I twain *connect* in one, but you
Cut those whom I *connect* in two.
Each legislator seems to say,
'What you *connect-I-cut* away.'"

The following may be set down as one of the best jokes of the season:—

Baptist Brother—I don't like your church government. It isn't simple enough. There's too much machinery about it.

Methodist Brother—It is true, we have more machinery than you; but then, you see it don't take near so much *water* to run it.

A certain cockney, overcome by his sensibilities, fainted at the grave of his fourth spouse. "What shall we do with him?" asked a perplexed friend of his. "Let him alone," said a waggish by-stander; "he'll soon revive."

A bereaved widower, when called upon for an epitaph on his wife's tombstone, said he didn't want any "sanguinary" expressions cut on the marble.

TWELVE WAYS OF COMMITTING SUICIDE.

A medical contemporary thus enumerates the *fashionable* mode of doing it:

1. Wearing of thin shoes and cotton stockings on damp nights and in cool, rainy weather. Wearing insufficient clothing, and especially upon the limbs and extremities.

2. Leading a life of enfeebling, stupid laziness, and keeping the mind in an unnatural state of excitement by reading trashy novels. Going to theaters, parties, and balls in all sorts of weather, in the thinnest possible dress. Dancing till in a complete perspiration, and then going home without sufficient over-garments, through the cool, damp night air

3. Sleeping on feather beds in seven-by-nine bed-rooms, without ventilation at the top of the windows, and especially with two or more persons in the same small, unventilated bed-room.

4. Surfeiting on hot and very stimulating dinners. Eating in a hurry, without half masticating the food, and eating heartily before going to bed, when the mind and body are exhausted by the toils of the day and the excitement of the evening.

5. Beginning in childhood on tea and coffee, and going from one step to another, through chewing and smoking tobacco and drinking intoxicating liquors; by personal abuse, and physical and mental excesses of other descriptions.

6. Marrying in haste and getting an uncongenial companion, and living the remainder of life in mental dissatisfaction; cultivating jealousies and domestic broils, and being always in a mental ferment.

7. Keeping children quiet by giving paregoric and cordials, by teaching them to suck candy, and by supplying them with raisins, nuts, and rich cake; when they are sick by giving them *mercury*, *tartar emetic*, *arsenic*, under the mistaken notion that they are medicines and not irritant poisons.

8. Allowing the love of gain to absorb our minds, so as to leave no time to attend to our health; following an unhealthy occupation because money can be made by it.

9. Tempting the appetite with bitters and niceties when the stomach says No, and by forcing food into it when nature does not demand, and even rejects it; gormandizing between meals.

10. Contriving to keep in a continual worry about something or nothing; giving way to fits of anger.

11. Being irregular in all our habits of sleeping and eating; going to bed at midnight and geting up at noon; eating too much; too many kinds of food, and that which is too highly seasoned.

12. Neglecting to take proper care of ourselves, and not apply early for medical advice when disease first appears; taking celebrated quack medicines to a degree of making a drug-shop of the body.

The above causes produce more sickness, suffering, and death than all epidemics, malaria, and contagion, combined with war, pestilence, and famine. Nearly all who have attained to old age have been remarkable for equanimity of temper, correct habits of diet, drink, and rest—for temperance, cheerfulness, morality. Physical punishment is sure to visit the transgressor of nature's laws.—All commit suicide and cut off many years of their natural life who did not observe the means of preventing disease and perserving health.

Prof. S of Dickinson College, is not much given to joking. Occasionally, however, this vein of his disposition is excited, and then his hits are of the hardest kind, and double-edged. One morning not long ago, he found a horse in the recitation-room. The class had collected, and with solemn countenance awaited the entrance of the professor. He came in, looked around deliberately, first upon the horse, then upon the class, and remarked, at the same time twitching his shirt-collar: "Ahem! You have got a new classmate, I see. I'm glad it's a horse; there were jackasses enough before."—*College Courant.*

The pastor of a popular church at the South End, on Sabbath evening, at the Sunday-school concert, said, "Boys, when I heard your beautiful songs to-night, I had hard work to keep my feet still; what do you suppose is the trouble with them?" "*Chilblains, sir,*" cried out a little six-year-old boy, which, notwithstanding the solemnity of the occasion, set the whole audience in a roar. It is dangerous to question children in public.—*Boston Traveller.*

A Teacher asked a bright little girl, "What country was opposite us on the globe?"

"Don't know, sir," was her answer.—"Well, now," pursued the teacher, "if I were to bore a hole through the earth, and you were to go in at this end, where would you come out?" "Out of the hole, sir," replied the pupil, with an air of triumph.

The *Charleston Mercury* cries out against the new constitution of South Carolina because it proves no law against the intermarriage of whites and blacks. Poor chivalry! Will somebody make the necessary law forthwith, lest the editor of *The Mercury* and his white friends should rush off to the rice-swamp and marry negro wives!

A petite, blue-eyed maiden, who was nursing her fifth Christmas doll, and listening to her mother and some female friends talking about domestic broils and Chicago divorces, created a sensation by remarking: "Well ma, I'm never going to marry! I'm going to be a widow!"

"I wish I could prevail on neighbor Rinder to keep the Sabbath," said good old Mr. Jones. "I will tell you how to do it!" exclaimed young Smith. "Get somebody to lend it to him, and I'll be bound if he don't keep it. He never was known to return anything he borrowed."

A stupid fellow tried to annoy a popular preacher by asking him whether the fatted calf of the parable was male or female. "Female, to be sure," was the reply; "for I see the male"—looking his questioner full in the face—"yet alive in the flesh before me."

A Sabbath-school superintendent asked his scholars if any of them could quote a passage of Scripture which forbade a man's having two wives; whereupon nearly the whole school cried out, "No man can ever serve two masters."

One of the audience assembled to hear the arguments before an important committee of the assembly at Albany, last week, said that the members of the committee looked as though they had a bias in their minds. "If all depends," answered another, "whether you spell it *bias* or *buyus*."

A gentleman who wanted to make a speech to a Sunday-school thought he would adopt the colloquial style, and this is what happened: "Now, boys, what does a man want when he goes fishing?" A shrill voice in the crowd went direct to the point with, "Want's a bite."

THE HUMAN VOICE.

The human voice, when its utterances are clearly articulated, and it is supplied with good lungs, will fill 400,000 cubic feet of air, provided they be inclosed in a proper manner, and the voice placed and directed advantageously. This space, we may remark, by the way, would be represented by a half 125 feet long by 80 feet wide and forty feet high. The same voice singing, can fill with equal facility 600,000 cubic feet.

When singing, the vowels are principally used, because it is necessary to dwell upon a note, and we cannot prolong a consonant. In speaking, on the contrary, we depend for articulation on the consonants, but their short percussive sound does not travel. When we shout, or in open-air speaking, which partakes of shouting, we prolong the vowels, drawing the syllable at each word, but what we gain in sound is lost in clearness of articulation; expression is lost in monotony; because its fineness depends on the infinite variety of which the consonant is capable and bestows on the vowel. Two thousand voices, singing or speaking together, travel no further than one voice. They may fill a certain area more completely with that intricacy of waves which, when very troublesome, we call a din, but each voice exerts its own influence on the air according to its power, and dies away within certain limits. A second voice acts independently, and produces its own separated effect, not fortifying the first but distinct from it; and so with any number of voices—say ten thousand—shouting together, if a single trumpeter were placed among them, the notes of his trumpet would be heard clearly at a distance where the Babel of voices would have expired in a murmur. Yet among the din produced by the ten thousand notes the trumpet would be inaudible. To illustrate this theory more clearly, it is plain that two thousand persons cannot throw stones farther than one person. It is true that the air within certain limits will be more full of stones, but they will come to the ground within the limited area.—*Boucicault.*

A Cracking Bridge.—An observing man, who was recently traveling in the train, noticed a gentleman and lady seated in close juxtaposition, and judging from their conduct, imagined that they were exceedingly intimate. In front of the comfortable pair sat two Germans. When near a certain town the train passed through a long dark bridge. Amid the thundering and rattling of the carriages could be heard a noise that sounded for all the world like a concussion of lips. Such hearty smacks startled all the party. As we emerged into daylight one of the Germans slowly drew his spectacles down over his noise, and exclaimed. "Vell, I tinks ish a bad bridge: *I hears him crack one, two, three, four times.*" The lady drew down her veil, and for the remainder of the trip locked mute and quiet.

An English journal vouches for the truth of the following: A few Sabbaths ago, while the minister was conducting public worship in one of the West Mainland churches, the service was interrupted by the entrance of a goose. The psalm had just been given out, and the congregation were begining to sing, when the circumstance attracted the attention of the precentor, who so far forgot himself that he lost the tune. During the silence which consequently intervened, the minister whispered to one of the office-bearers to put out the goose. The office-bearer, being ignorant of a *bona-fide* animal of the species, thought it was the precentor that was referred to, and laid hold of him with the intention of executing his instructions, which he would have done, our correspondent adds, had not the precentor made a powerful resistance.

An exchange says: A neighbor whom had repeatedly been urged by some female acquaintances to accompany them to a skating pond, at last yielded, no longer able to resist the blandishments of his bewitching tormentors. He went. He said he put on a pair of skates and struck boldly out, and the next thing he knew was himself in bed, the minister sitting beside him singing a psalm, the doctor courting his wife, and the undertaker measuring him for a walnut coffin.

"That is probably the oldest piece of furniture in England," said a collector of antique curiosities to a friend, pointing to a venerable-looking table as he spoke. "How old is it?" asked the friend. "Nearly four hundred years." "Pshaw! that is nothing. I have an Arabic table over two thousand years old.' "Indeed!" "Yes the *multiqlication table.*

A Welsh girl once applied to a clergyman to be married. The clergyman asked her what property her husband possessed. The answer was, "Nothing." "Are you any better off?" The reply was in the negative. "Then why, in the name of common sense, do you dare to marry?" "Your reverence," said the girl, "I have a blanket and Jack has a blanket; by putting them both together we shall both be the gainers." The clergyman had nothing to say.

Mr. Mayo, warden of the state-prison, carries an empty sleeve. A Democrat, transacting business with him, a few days since, which required the use of a revenue stamp, inquired, petulantly, "How long are we to be compelled to use these things?" The warden quietly replied, "Perhaps as long as I carry this empty sleeve, and for the same cause."

A Western clergyman, advocating obstinacy for the right, illustrated it by naming a deacon, who, when a member of the church, at the suggestion of the pastor, prayed that the Lord would either take away their deacon's obstinate nature or else take him to heaven, because they could not get along with him on earth, rose promptly up in his place, and said, "Brethren, I won't go!"

A young darkey in Allentown, Pa., who was sent to get something to smoke the meat in his employer's smoke-house, went out and invested the money in cigars, and, sealing himself in the smoke-house under the meat, lighted a cigar and puffed away. He had disposed of sixteen in this way before the blunder was discovered by the family.

Reproof.—Reprove mildly and sweetly, in the calmest manner, in the gentlest terms; not in a haughty or imperious way, not hastily or fiercely, nor with sour looks, or in bitter language; for these ways do beget all the evil, and hinder the best effects of reproof.

"You ought to lay up something for a rainy day," said an anxious father to his profligate son. "And so I have," replied the youth. "What?" "An umbrella."

The Boston *Transcript* says: "Had Andrew Johnson made 'treason odious,' Jeff. Davis's trial would not have been postponed on account of his own."

THE "RELIEF" ACT.

For the relief of citizens of the counties of Adams, Franklin, Fulton, Bedford, York, Perry and Cumberland, whose property was destroyed, damaged, or appropriated for the public service and in the common defence in the war to suppress the rebellion.

Whereas, during the late war to suppress the rebellion, several of the southern counties of this State were several times invaded by the rebels in great force, requiring the interposition of the armed forces, of the United States and of the State to drive them from our borders.

And, whereas, During these invasions and the movements of the armies engaged in repelling them, and especially in the three days of battle at Gettysburg, there was occasioned great destruction, devastation and loss of property of citizens of said counties:

And whereas, These losses were sustained in the common cause and for the public defence and for the general welfare of the whole people of this Commonwealth, and it is reasonable and proper that citizens who have thus suffered should receive generous consideration and active relief from this great Commonwealth: Therefore,

Section 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, in General Assembly met, and it is hereby enacted by the authority of the same,* That it shall be lawful for the Governor to appoint a Board of Commissioners, to consist of three disinterested persons, whose duty it shall be to fully investigate and adjudicate the claims of the citizens of the several counties of Adams, Franklin, Fulton, Bedford, York, Perry and Cumberland, for the amount of their losses in the late war, and make a report of the same under oath to the Auditor General of this Commonwealth, when such claims have been fully adjudicated, reported and filed, it shall then be the duty of the proper officers of this Commonwealth, to be designated by the Governor to proceed to recover compensation, for said losses from the General Government, and when so collected, and not till then, shall the amount so recovered be paid *pro rata* to the sufferers of the said counties, in accordance with the report of the said Commissioners of their claims, and their receipting in full to the Commonwealth of Pennsylvania.

Sec. 2 That the Commissioners shall within sixty days after their appointment having been first duly sworn to perform their duties, with impartiality and fidelity, and having given ten days' previous notice by publication in the newspapers of the several counties named in this act, proceed to said counties and make just and true appraisement of the losses sustaind by the citizens thereof by reason of the destruction, devastation, appropriation or carrying away, of their property, either by the armies at the battle of Gettysburg, or in the operations and movements connected therewith, or in any of the rebel invasions of the State, and of any other sufferers named in this act, in the years from eighteen hundred and sixty two, to eighteen hundred and sixty four, inclusive, and they shall continue to perform said duties and they shall have assessed the losses and damages, aforesaid of both real and personal estate, and upon each petitioner setting forth his or their losses, the said commissioners or a majority of them shall make an award of the losses actually sustained by the petitioners, if any such petition, shall present a statement of losses sustained under oath, and the commissioners shall require such additional proof in relation to the claims, as they may deem necessary, by the examination of the claimant, or any other witnesses who may be present or they may decide to call. *Provided* That if any claim shall be presented for the benefit of an assignee, such assignee shall be required to prove under oath to the satisfaction of the commissioners the actual cash value of the consideration paid to the assignor, and the amount so paid if not in excess of the actual loss sustained, shall be the amount of the award, and each claimant shall be required to state on oath whether any assignment or transfer, has been made of such claim or not. *And provided further,* That if any person shall present a false statement in whole or in part, either for property not possessed or not damaged, destroyed or lost, as aforesaid or in excess of its just valuation, with intent to defraud, the petition of such claimant, shall be dismissed without any allowance whatever, *And provided further* That no claim shall be entertained, or allowed, in favor of any corporation or county, nor for any loss or property for which compensation has been received, or is provided by any law of Congress, nor for any loss for which relief was provided by the act of fifteenth of February one thousand eight hundred and sixty-six, entitled, "An Act for the relief of certain citizens of Chambersburg and vicinity whose property was destroyed by fire, by the rebels on the thirtieth of July Anno Domini, one thousand eight hundred and sixty four" *And provided further,* That each claim presented for adjudication, shall be accompanied by an affidavit, made before some officer competent to administer oaths and affirmations, stating that the claimant has never directly or indirectly, by word or act, given aid, comfort, countenance or encouragement, to the rebels, whether in arms, or otherwise that he or she has never communicated or attempted or taken means to communicate to them or any of them any information which could be of any advantage to them.

That said commissioners shall as soon as they have finished their duties, make returns to the Auditor General of all petitions presented to them with the awards thereon.

The said Commissioners, shall be paid the sum of five dollars each per day, for not more than sixty days, when actually employed in the discharge of their duties, and they shall be allowed one clerk, who shall be paid the sum of three dollars per day, whose duty it shall be to keep a record of the testimony in each case, so that it may be transmitted to the Auditor General, with the awards and the salaries of said commissioners and clerk, together with necessary expenses for stationery, giving notice *et cetera*, shall be paid out of any money, not otherwise appropriated after approval by the proper accounting officers of the State.

Sec. 3. That this act shall not be constructed to make this Commonwealth in any way liable for the ultimate payment of the damages ascertained and reported, under this act.

The fruit crop of the West, so far, is substantially safe. The late flurry of snow and frost was supposed to have destroyed the germs, but as a general thing they escaped, because not far enough advanced to be nipped in the bud. The Cincinnati *Commercial* has reliable reports from various sections of Ohio, Indiana, Southern Illinois, Missouri and Kansas. All agree that fruit will be plenty this summer if it escapes futher vicissitudes. Tennessee seems to have suffered more from the unseasonable frost than any other section, except, perhaps, Northern Georgia and Alabama.

The new five cent coins from the mint in Philadelphia are the size of the present piece; the three-cent and one cent pieces are somewhat smaller. The devices on all of them are alike—on one side the head of the Goddess of Liberty, surrounded by the words "United States of America;" on the other side are the Roman numerals I., III., and V.

At a sale of a valuable library, in New York, on Tuesday evening, a single volume, a copy of Elliot's Indian Bible, sold for $1,180, the largest price ever paid for a single volume in this country.

IMPEACHMENT.

THE VOTE POSTPONED.

Yesterday was fixed for the vote on the Articles of Impeachment, but Senator HOWARD of Michigan being ill and unable to be present, the Senate sitting as a Court adjourned till Saturday next.

On Monday, the Senate met at 12 o'clock in secret session for discussion of the Articles.

Senator GRIMES of Iowa, (Rep.) declared that he was for acquittal.

Senator SHERMAN of Ohio (Rep.) said he was for conviction on several of the articles.

Senator EDMUNDS of Vermont (Rep.) made a strong speech for conviction on the first four articles.

Senator HENDERSON of Missouri (Rep.) spoke in favor of acquittal on the first eight articles.

Senator TRUMBULL of Illinois (Rep.) spoke against impeachment generally, and was followed on the same side by Senator FESSENDEN of Maine (Rep.)

On Monday night, Senators HARLAN of Iowa, CONNESS of Cal., WILSON of Mass. and MORTON of Indiana (Reps.) all spoke in favor of conviction.

Senator HENDERSON is reported as having given the singular reason for his vote of acquittal, that JOHNSON'S acquittal would save the Republican Party, and bring it 300,000 votes!

Senator HOWE of Wisconsin (Rep.) spoke in favor of conviction on several of the articles.

The general impression, as we go to press, is that the President will not be convicted on either of the first nine articles.

On the *tenth* (containing the "Swinging around the Circle" speeches,) and the *eleventh* charging upon the President a refusal to execute the Civil Tenure of Office Act, the Reconstruction Acts, and certain other Acts, there has thus far been no special indication of opinion in the Senate.

AN arrangement of much importance to the coal, iron and lumber interests of this State, has been consummated between the several canal lines on the Susquehanna river and its branches, embracing the Wyoming Canal, the West Branch and Susquehanna, the Pennsylvania, and the Susquehanna and Tide Water Canals.—They respectively bind themselves to operate their canals as one line on all through tonnage, to pro-rate all through tolls, and to enlarge all of their canals by the spring of 1871 to six feet depth of water. It is estimated by the parties interested that the above arrangement will effect a reduction of one half on the vast tonnage of anthracite and bituminous coal, lumber, and iron.

THE National Convention of German Turners, prior to its adjournment at Boston yesterday, passed resolutions sustaining the measures of reconstruction enacted by Congress, calling for the payment of the National Debt and interest in accordance with the promises made by the Government, and asking for a gradual consolidation of the different loans into one debt, with a moderate rate of interest. The resolutions also call for the maintenance of the Monroe doctrine, ask that the Tariff rates shall be fixed upon the equalization principle, and urge compulsory measures for the attendance of children at our public schools.

THE tax-payers of New York City are paying dearly for their devotion to Copperhead rule. Thirty years ago the tax estimates amounted to $1,400,000. This year they amount to $25,000 000. The protest of the Citizen's Association of that city shows a fearful state of affairs, growing out of the corruption of officials, and affirms that "if the taxes are allowed to increase in the next fifteen years as they have increased in the past fifteen, then in that time they will be ninety millions of dollars per anum."

THE Copperhead papers continue their infamous slanders of Gen. GRANT, being determined, if possible, to write him down. In reference to the oft-repeated charge of drinking, CHARLES A. DANA, Assistant Secretary of War during the rebellion, writes thus in his paper, the New York *Sun*, of General GRANT:

> In camp, he—almost alone, among all the prominent officers of the army—never tolerated liquor or wine, either at his table or about his tent. Fatiguing marches, and the excitement and exhaustion of battle, did not make him break over his rule not to touch or taste anything alchoholic. Again and again have we seen wine offered him at public and private dinners, only to be steadily refused.

COL. MCCLURE has disposed of his interest in the *Franklin Repository* to JEREMIAH COOK and S. W. HAYS, who assume the editorship of the paper. The *Repository* has long been one of the most influential Republican journals in the State, being edited by Col. MCCLURE with commanding ability. The new editors are both young men of ability, members of the Bar, and will no doubt maintain the high character of the paper. We cordially welcome them into the corps editorial.

TWO vessels arrived last week in Philadelphia, laden with phosphate brought from the banks of Ashley River, South Carolina. It is said these phosphates possess fertilizing properties fully equal to the best guano, and that they can be furnished at a very cheap rate.

REV. CHARLES F. E. STOHLMAN, D. D., Pastor of the Matthews German Evangelical Lutheran church, N. Y., died on the 3d inst.

THE American Medical Association had its nineteenth annual meeting last week in Washington City.

EX-PRESIDENT BUCHANAN is reported to be dangerously ill.

DOUBLE-FACED.

Martin Van Buren once declared that the Democratic party had a face for the South and a face for the North—that it was *National* only so far as it was ready to prostitute its strenght to the uses of all sections, the better to maintain itself in power. It is a long time since the Little Magician daguereotyped his party, but the picture still holds its resemblance to the life. The Democracy have not changed. In its own peculiar sense it is still a national party, and has a face for the North and a face for the South.—Here is the proof of what we assert:

> *Resolved*, That we are opposed, both in principle and in policy, to negro suffrage.—*Ohio Democratic resolutions*, 1868.
>
> *Resolved*, That under the action of the State of South Carolina, heretofore taken, we recognize the colored population of the State as an integral element of the body politic; and as such, in person and property, entitled to a full and equal protection under the State constitution and laws. And that, as citizens of South Caralina, we declare our willingness, when we have the power, to grant them with proper qualifications as to property and intelligence, the right of suffrage.—*South Carolina Democratic resolutions*, 1868.
>
> *Resolved*, That the right of suffrage shall be limited to the white race in this country.—*Illinois Democratic resolutions*, 1868.
>
> "A very large torchlight procession of *democratic niggers* are marching through the streets while I write. I have addressed a large audience to-night in the court house square—a larger proportion being negroes. They carried transparencies with most appropriate democratic mottoes. Proclame it throughout Upper Georgia that everything is safe—honor saved, peace secured, democracy triumphant."—*Letter of B. H. Hill, a leading Democrat in Georgia, Apirl 11th*, 1868.
>
> "We have a word for our colored citizens who are anxious to vote for Governor at the ensuing election. Your protested friends have nominated a man of the name of Bullock for that office, and it is right that you should know beforehand what sort of a man he is who solicits your suffrage."—*Savannah News, (Democratic,) April*, 1868.

It does not require much study to belong to a party thus accommodating in its doctrines. In the South, a Democrat can be an amalgamationist, while in the North a Democrat is bound to hate all negroes—and yet both Democrats are sound on the goose question. The practice is pay your money and take your choice.—*State Guard.*

RECONSTRUCTION.

Florida has ratified the new Constitution, elected the Republican ticket for State officers, and a Republican majority in both branches of the Legislature.

On Friday last, the House of Representatives passed Hon. THADDEUS STEVENS' bill for the admission of Arkansas. The only condition imposed is that the Constitution of the State shall not be so amended as to deprive any citizen of the United States of the right to vote who is entitled to a vote by said Constitution.—The Democrats all voted against the Representatives from this State being restored to their proper place in Congress.

In Virginia, the Democrats are running a State ticket, most of whom were officers in LEE'S army. That is natural. Most of their voters were privates in that army.

IN addition to the ordinary State Central Committee appointed to conduct our political campaign, we are this year to have the advantage of a thorough muster of the soldiers of the Grand Army of the Republic in support of the great principles for which they exposed, and thousands of their comrades lost, their lives. Gen. BEAVER, President of the Soldiers' and Sailors' State Convention which met in Philadelphia on the 8th of January, has appointed a State Committee, of which Gen. CHARLES H. COLLIS, of Philadelphia, is Chairman, Gen. W. W. STEWART representing Adams county on the Committee. This Committee will take an active part in the State and National elections this fall, co-operating with the Republican State Committee, of which Mr. GROW is Chairman. The citizen soldiers of the Republic are fully sensible of the consequences of defeat, and they once more feel that in entering the ranks under their Great Captain they are but renewing their pledge to defend the National Government against its enemies North and South—foes within and without.

THE General Conference of the Methodist Episcopal Church is in session in Chicago. The aggregate of the centenary contributions is reported at $8,397,-662 15. The Baltimore Conference contributed $134,330 83, East Baltimore $47,-676 33, Philadelphia $158,185 48. The New York Conference gave $995,013 57, and the New York East Conference $710,-841 00. The membership is reported at 1,896,301, of which 757,205 belong to the Church South and 1,139,096 to the Church North. This is exclusive of the African Methodist Episcopal Church, which numbers 260,000, and other minor branches. The total membership of the various branches of the Methodist Church is put at 2,328,425, the largest of all the Protestant denominations of the country.

HON. JOHN A. LOGAN, Commander-in-Chief of the Grand Army of the Republic, has issued a general order announcing that the 30th of May is designated for the purpose of strewing with flowers or otherwise decorating the graves of their comrades who fell during the war. He says that it is his wish to inaugurate this observance with the hope that it will be kept up from year to year, while a survivor of the war remains to honor the memory of his departed comrades.

EX-GOVERNOR HAMILTON, of Texas, is in Washington. He gives a terrible account of the condition of affairs in that State, caused by the persecution of Union men by the Rebels. He states not less than two hundred and fifty Union men have been murdered since the appointment of HANCOCK to the command of the Fifth Military District.

SEVERAL cases were decided last week in Harrisburg against certain corporations claiming exemption from certain State taxes—the result of which is an addition of several hundred thousand dollars to the revenue of the Commonwealth for this year.

COL. FORNEY has been completely exonerated from all charges of improper disbursements of the contingent fund of the Senate, as all familiar with the facts and the Colonel know he could be.

LORD BROUGHAM died last week in the south of France, in his 90th year.

THE General Synod of the Lutheran Church is still in session at Harrisburg and will adjourn probably to-day or to-morrow. Rev. Dr. POHLMAN, of New York, is President, and Rev M. SHEELEY, of New Jersey, Secretary. The attendance is said to be unusually large, embracing delegates from 21 District Synods. On Saturday, the Committee appointed two years ago to revise the Hymn Book, of which Drs. VALENTINE and SCHMUCKER, of this place, are members, made partial report as to the nature and extent of the contemplated changes, which were approved and the Committee authorized to publish the revised work as soon as completed, with the approval of a sub-committee appointed by Synod, viz:—Rev. Drs. STORK and SCHWARTZ, and Rev. T. T. TITUS.

On Saturday afternoon, the members of the Synod called in a body on Gov. GEARY, who cordially received them at the Executive Mansion. Rev. Dr. POHLMAN addressed the Governor as follows:

"I know it is usual, sir, to address the Chief Magistrate of Pennsylvania as "His Excellency;" but in New York it is our custom to think and speak of General Geary, remembering the battle among the clouds and the triumphant march to the sea, as the brave defender of our Union, and I am therefore inclined to address you, sir, to-day, as the brave General of the Republic [applause;] but may I not rather address you by a nearer and dearer title, even as a "brother beloved" and an heir with us of the inheritance of the glorious Gospel of Jesus Christ our Lord, carrying out, in your life and conduct, all the beneficent principles contained therein, "continually adding to your faith virtue, and to virtue knowledge, and to knowledge temperance, and to temperance patience, and to patience Godliness, and to Godliness brotherly kindness, and to brotherly kindness charity."

We have come here to-day to pay you our respects, and we hope and pray that God may bless your administration and make you as successful in the Cabinet as in the tented field; that He may watch over and guide and bless you even to the end of your earthly days, and then exhalt you to a higher station, even to the Thrones which are at His own right hand forevermore.

I have now to perform a very pleasing duty: A *good man* by name, and I trust also a good man by the renewing of the Holy Ghost, [meaning the Rev. Dr. Henry Goodman,] has given fifty dollars to constitute Governor Geary and his lady life members of the Home Missionary Society of the Lutheran Church, and in the name of that Society I present to you these testimonials of their respect."

Dr. POHLMAN then handed to the Governor two certificates of Life Membership, handsomely engraved, one for himself and one for his lady. Gov. GEARY, with evident emotion, said—

"Mr. President and Gentlemen—permit me in my own name and in the name of the citizens of the Commonwealth of Pennsylvania, to extend to you a hearty welcome—a deep, sincere and heartfelt welcome, to this Mansion. Be assured, my friends, that no event which has for a long period occurred here, has given us more pleasure than, or has awakened so many lively and agreeable emotions, as has your presence amongst us. And this pleasure is greatly enhanced when we are informed that you not only represent every part of Pennsylvania, but almost every part of the Union; that you come here loyal to your Country and your God. (Applause.)

I thank you for the kind terms in which you have seen proper to allude to me personally. I thank you sincerely for your kindly allusion to my administration. I ardently trust my administration of the office of Chief Migistrate may not only prove beneficial to my State and to my countrymen, but that it may tend to the advancement of liberty and justice for all humanity. Ideas crowd upon me. I hardly know which to express first.—The address of your President has so overwhelmed me that I know not what to say to you. But let me remark that it is a matter worthy of sincere congratulation to know that this great Church is still a unit North; that you still wield a great power as a portion of the Grand Army of Christians, numbering over three hundred thousand members; that you are still going forward, battling in the sacred cause of Right against Wrong; that you are marching under the banner of Temperance against the reason-dethroning power of King Alcohol, (applause;) that you are thoroughly enlisted in the cause of education against ignorance, superstition and barbarism.

What a happy and glorious thing it would be if we could see all our denominations of Christians heartily and unitedly engaged in this great work, instead of harboring divisions and dissentions in their ranks! And, although this may seem impossible to human vision, a union of all the churches, in furtherance of all the great works of humanity, I trust is not far distant. We have the fullest faith that this, like all other things, is possible with God.

I thank you, Sir, for the kindness with which you have seen fit to present the credentials of our connection with the Lutheran Church, so far as membership of the Home Mission Society is concerned. It is an honor which we had no right to expect, being connected with another congregation and members of a different church. But I feel that it is my duty, as the Chief Magistrate of the State, to extend my sympathies and my co-operation to all the Christian Churches of the Commonwealth. I am ready to sustain them in their good work and help them carry it to success. I am now equally as ready to sustain your cause as I have been and as I am still ready to sustain the cause of my country. I am as well prepared to-day to lay down my life for this as I have been to lay it down for the cause of my country. [Applause.]

Again I assure you of the heartfelt pleasure your presence has afforded. Permit me to express a hope that your sojourn amongst us may pass as pleasantly to you as I know it will be instructive and agreeable to us. When we shall have performed our allotted tasks on this earth, when we shall have passed forever from the scenes of this life, what a happy reunion there will be if the Great Ruler above shall welcome us all to that Mansion, not made with hands, eternal in the heavens!"

After a thorough social interchange of sentiments, Rev. Dr. Pohlman gathered the delegates and ministers around him, and requested them to sing the hymn beginning:

"Blest be the tie that binds us,"

which was sung with zest.

Rev. Dr. Brown, of Gettysburg, then delivered a most impressive prayer, in which he implored the blessing of God upon the household of the Governor, and upon the Governor's civil administration; after which the whole company repeated the Lord's Prayer in concert.

On Sunday afternoon, Gov. GEARY and lady, who are both members of the Presbyterian church, communed with the Synod in the Lutheran church.

MR. MCCULLOCH'S monthly exhibit of the public debt shows that our net liabilities have been reduced to the round sum of two and a half billion. The statement is on the whole favorable—showing a decrease in the absolute debt of about two millions of dollars since April 1, and a decrease of the debt, less cash on hand, of nearly nineteen millions of dollars.

Clark was elected Burgess, and the following gentlemen Councilmen: J. L. Suesserott, S. M. Greenawalt, T. B. Wood, F. Gillespie, P. Kreichbaum.—The smoke house of Peter Kreichbaum, of Chambersburg, was robbed on the night of the 2d inst., of $300 worth of meat.

FREDERICK.—By a vote of 797 for and 80 against, the people of Frederick, Md., have declared in favor of a city subscription to the capital stock of the Frederick and Pennsylvania Line Railroad Company. STATE POLITICS.

The Harrisburg *State Guard* announces that Hon. George F. Miller will not be a candidate for re-election to Congress, and that Dauphin county ought to claim the nomination.

Hon. S. W. Scofield has carried Jefferson county for re-nomination to Congress. There are eight counties in the District. Hon. John H. Walker of Erie, and Hon. John Patton of Clearfield, are named as candidates.

In the Lycoming District, Wm. H. Armstrong and Clinton Lloyd, Esq., of Williamsport, are candidates for nomination.

In the Lawrence District, Hon. John W. Wallace is a candidate. Hon. G. V. Lawrence is the present member.

General Harry White has carried Indiana and Jefferson counties, and will be re-nominated for the State Senate. He was an honest and earnest Free Railroad man, and has made a legislative record satisfactory to his constituents.

A POOR woman in Prussia has lately confessed, on her death-bed, to having committed a fault thirty years ago by substituting her own son for the son of a countess who had been sent to her to be nursed. The false count has grown up, married a rich lady, and is living on the estate, while the true count was brought up in poverty and ignorance, went out to service, married a plebeian, and has given no sign of noble descent. Similar circumstances have often been made the groundwork of novels, and perhaps they are not so uncommon in actual life as might be supposed.

DEATH FROM A BITE.—On the 18th ult., Robert E. Lucas and Thomas H. Duyer became engaged in a fight at a restaurant in Centreville, Md., and during the fracas Lucas got Duyer's right little finger in his mouth and bit it slightly. No attention was paid to it, but on the next day it was badly swollen, and in a few days the imflammation extended up the entire arm. On Sunday Duyer was taken to Chestertown by his brother, and his finger was amputed on Monday, but mortification of the entire arm subsequently ensued, and we understand he died on Thursday.—*Centreville Citizen.*

OUR impeachment President has received another shock; and of all other places in the United States, the last surprise to the nerves of his Excellency comes from Texas. Judge Watrous, in opening the District Conrt at Galveston yesterday, sustained the constitutionality of the Civil Rights bill, and asserted that freedmen were citizens, not by virtue of acts of Congress, but under the Constitution.

JEFF. DAVIS recently said of Ben. Franklin that he was "the incarnation of the New England character,—hard, calculating, angular, unable to conceive any higher object than the accumulation of money." Jeff. of course considers treason and wholesome murder one one of the "higher objects" of life.

JUNE 3, the anniversary of the disastrous battle of Cold Harbor, has been fixed for the trial of Jefferson Davis. His former bail bond was renewed—the principal sureties of the great traitor, signed it again, among them Horace Greely and Gerrit Smith, of New York.

THE Republicans last week carried the borough of Kittanning, by 30 majority—for the first time in many years. They also made large gains in Lancaster City, and have "tied" the Copperheads on joint ballot in the City Council. The current is "setting in" strongly, and will be overwhelming in October and November next.

HAWAII, the largest of the Sandwich Islands, was visited by a series of earthquake shocks and volcanic eruptions between the 27th of March and the 13th of April, which caused great loss of life and much destruction of property. People were swept into the sea from the Island, and buildings thrown down. Great suffering exists among the inhabitants.

THE National Camp meeting of the Methodists of the United States, to be held in Lancaster county, near Manheim, commencing on the Fourth of July, will be the most imposing religious assembly ever held on the continent. Representatives of all the Methodist churches in the United States, with others from Canada, are expected to be present.

THE Democracy are persuading adopted citizens that the new registration law will give them all much trouble in securing a vote. Those only will be troubled who attempted to vote on Wallace's coffee-colored naturalization papers. The registration law is designed decidedly to protect honest voters by preventing them from being overruled by fraudulent votes.

ON Sunday night a house belonging to Patrick Laughlin and situated at Great Bend, in this State, was consumed by fire. Laughlin and wife were absent, having left their six children in charge of a girl of sixteen. When the fire broke out she rushed to the assistance of the children and succeeded in saving two, but in returning for the rest, was suffocated and perished with the other four.

CINCINNATI, May 5.—A despatch to the *Commercial*, from Delaware, Indiana, says that on Sunday, while three boys, sons of Henry Foge, were out in a field together, a difficulty arose between them, when the oldest mashed the heads of the younger brothers with an axe, killing one outright and leaving the other near dead. At the approach of the father the eldest boy ran to the barn and hung himself.

We are assured that the firm of EASTMAN & KENDALL, 65 Hanover Street, Boston Mass., advertised in our columns, is trustworthy and reliable. It is worthy of a trial—*Buffalo Gazette.*

A [illegible] BY AN ENRAGED HORSE.—On [illegible] Mr. W[illegible] Garrett of [illegible], S. C., was riding a [illegible] young stallion in Laurens district, and on attempting [illegible] him, jerked the bridle. This enraged the horse, which sprang at Mr. Garrett and bit him severely in the arm. A fight then began between the man and the furious horse, which succeeded in biting several pieces of flesh out of the side of his rider. The struggle continued for some time, when the horse bit off two of Mr. Garrett's fingers and threw him down, stamping on his chest four or five times as he lay upon the ground. Mr. Garrett then managed to twist the bridle and halter around a small tree, and then crawled off a short way. He was found by a neighbor who was passing, and carried to the house of Mr. J. H. Jones. Medical aid was called in, but Mr. Garrett died the same night. The horse remained for hours in an enraged condition, and severe means were obliged to be made use of before he could be even approached.

A RASCALLY ADVENTURER.—Many of our ladies will remember being called upon at their residence, last fall, by a "lady" agent going around and selling ladies' "corsets" and fitting them at a remarkably low price. Recently, in an interior town in this State, the very same woman, by the cheapness of her stock and a decided and unwarranted partiality shown a beautiful lady customer, aroused suspicion, and on the "lady" being arrested she was found to be a young man in disguise—fitting and selling just for the fun of the thing. He says he has passed through Easton, Allentown, Reading, Pottsville and many other towns, fitting corsets to several thousand young ladies.—*Allentown (Pa) Dem.*

THE UNION PACIFIC RAILROAD COMPANY

offer a limited amount of their

FIRST MORTGAGE BONDS AT PAR,

PRINCIPAL AND INTEREST

PAYABLE IN GOLD.

The Great Pacific Railroad Line, extending 1721 miles from Omaha, on the Missouri River, to the tide-waters of the Pacific Ocean, is being built by two powerful Companies—THE UNION PACIFIC, beginning at Omaha, building West, and the Central Pacific of California, beginning at Sacramento, building East, until the two roads shall meet.

Both Companies have prosecuted the work with great vigor, the Union Pacific having already expended over

THIRTY MILLION DOLLARS,

and the Central over *Twenty Millions*, upon their respective parts of the undertaking. THE UNION PACIFIC HAVE COMPLETED 550 MILES—have iron and other materials for two hundred miles more upon the ground, and one hundred additional miles are ready for the track. They will have a much larger force employed this year than ever before, and it is expected that between

800 and 900 MILES

will be in operation during 1868. There seems to be no reasonable doubt that the distance between Omaha and Sacramento will be traversed by rail in 1870.

THE GOVERNMENT GRANTS 12,800 acres of land, and its Bonds to the average amount of $28,000 per mile, to aid in the construction of the line, and authorizes the issue of the First Mortgage Bonds now offered for sale, to the same amount and no more. The Government takes a *second* lien, and gives to the First Mortgage Bondholders a prior-lien for their security, to which a large paid up capital is added. The Bonds cannot be issued except as each section of twenty miles is accepted by Government commission, so that they always represent a real property.

It is universally admitted that on the completion of the Union Pacific Railroad, its through business will make it one of the most profitable in the world—but its *way* or *local* business is already several times the interest on its bonds; so that, if not another mile were built, they would be a secure investment.

THE NET EARNINGS for eight months of last year on an average of 385 miles are officially reported at $1,-069,136, while the interest on all the Bonds it could issue on that length of road for that time, reduced to currency, was only $345,856.

The amount paid by the Government for the transportation of troops, munitions stores and mails has been, and doubtless will continue to be, much more than the interest on the United States Second Mortgage Bonds.—If it is not, the charter provides that after the road is completed, and until said bonds and interest are paid, at least five per cent. of the net earnings of the road shall be applied to such payement.

The Union Pacific Bonds are for $1,000 each, and have coupons attached. They have thirty years to run, and bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. At the present rate of gold, these bonds pay an annual income on their cost of

NEARLY NINE PER CENT.,

AND IT IS BELIEVED THAT THEY WILL SOON BE AT A PREMIUM.

The Company have but a very limited supply of their Bonds remaining on hand, but any subscriptions accepted to a greater amount than can be filled from Bonds now in the Company's possession, will be supplied from the New Bonds to be issued on that portion of the road completed in the Spring, in the order in which they are received.

The Company reserve the right to advance the price of their bonds to a rate above par at any time, and will not fill any orders or receive any subscriptions on which the money has not been actually paid at the Company's office before the time of such advance.

Parties subscribing will remit the par value of the bonds and the accrued interest in currency at the rate of six per cent. per annum, from the date on which the last coupon was paid. Subscriptions will be received in Gettysburg, Pa., by the

FIRST NATIONAL BANK and
GETTYSBURG NATIONAL BANK,

and in New York
At the COMPANY'S OFFICE, No. 20 NASSAU STREET
AND BY
JOHN J. CISCO & SON, BANKERS, No. 59 WALL St.,
And by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised agents.

SEWING MACHINES!

THE GROVER & BAKER.

THE BEST IN USE.—These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine.—They are the only Machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams co., where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

Needles and Thread will also be supplied.

CHANGE OF HOURS.—The noon passenger train has changed to leave Gettysburg at 12.45, and return at 4 o'clock,—The morning train will continue to leave at 8.15.

☞The suit of D. W. HORNER vs. Ex-Sheriff REBERT, removed to Dauphin county, was tried in Harrisburg last week, the jury rendering a verdict for Plaintiff for $125 damages.

NEW DRUG STORE.—Dr. JAMES CRESS, formerly of this place, has opened a new Drug Store in Littlestown, and will keep on hand everything usually found in a first-class establishment. See advertisement.

P. O. APPOINTMENTS.—JOHN RUFF has been appointed Postmaster at Green Ridge, in place of Mr. NORBECK, resigned.

J. A. H. REETHER has been appointed Postmaster at Bigler, in place of Mr REX resigned.

☞We notice that JAMES GOWAN, formerly of Gettysburg, has received the contract for the erection of the State Capitol buildings at Springfield, Ill. Mr. G. was one of the contractors for the building of the famous lake tunnel at Chicago.

CLASSIS.—Zion's Classis of the German Reformed Church met in East Berlin on Friday last, Rev. Mr. DEATRICH, of this place, Secretary. The attendance of ministers and lay delegates was large, and the session a pleasant one.

SOLD.—Messrs. FAHNESTOCK & EICHELBERGER have sold their farm, in Cumberland township, west of Seminary ridge, 145 Acres, to Messrs. EMERSON and HAMILTON, of New York, for $65 per acre. These gentlemen represent the Gettysburg Springs Company.

ELECTION.—On the 4th inst., the following gentlemen were elected officers of the Littlestown Railroad company:

President—Ephraim Myers.

Directors—Jos L. Shorb, Geo. Stonesifer, Jacob Wirt, Jos. Barker, Wm. McSherry James C. Clarke.

MAIL SERVICE.—The P. M. General has ordered four years' contracts with the following railroads for carrying the mail; from Hanover to Gettysburg, to the Gettysburg R. R. Company, at $375 per annum; from Hanover Junction to Littlestswn, to the Hanover Branch R. R. Company, at $900 per annum.

ELECTION.—The following gentlemen have been elected officers of the Littlestown Building Association for the ensuing year:

President—John Spangler, Jr.
Vice-President—Isaac Staub.
Treasurer—James H. Colehouse.
Secretary—James A. Lefever.
Directors—John Diehl, H. S. Klein, Martin Steffy, Israel Yount, Jacob Hornberger.
Attorney—W. A. Duncan.

All the stock was promptly taken, and the association starts with an efficient management, which augurs well for its success.

TAXATION OF MORTGAGES.—We notice a paragraph in our exchanges to the effect that a "general" act was passed by the last Legislature exempting mortgages, judgments, &c., from all taxation except for State purposes. The act is not general but applies to only 43 counties, including York, Franklin, Cumberland, and Dauphin. Adams is not included, and hence the law does not apply to this county.

SUPREME COURT.—The following Adams County cases were argued last week;

Neely vs. Grantham, No. 34, May T., 1868. McConaughy for plaintiff in error. McCreary for defendant in error.

Diehl vs. The Adams County Mutual Fire Insurance Company, No. 41, May T., 1868, Wills and Smyser for plaintiff in error. McCreary for defendant in error.

Waner vs. Fisher, No. 59, May T., 1868, M'Creary for plaintiff in error; M. and W. M'Clean for defendant in errsr.

ANOTHER RAILROAD.—The West-Chester *Republican* says the people of Wilmington are discusing the feasibility as well as the importance of constructing the proposed railroad from that city to Oxford, Chester county, and from thence to Hanover Junction, York county, with a view to connect with the west by way of Baltimore and Ohio and Connelsville Railroads. The Board of Trade of that city have passed resolutions to investigate the merits of a road to Oxford as a means of developing local trade, and with the view to its continnance further west, if circumstances should warrant.

PRESBYTERIAL.—From the minutes of the late meeting of the Carlisle Presbytery, we learn that the following appointments were made for the supply of the Hunterstown and Marsh Creek churches:

Hunterstown—Second Sabbath in June, Mr. Craig. First Sabbath in July, Mr. Mahon. First Sabbath in August, Mr. Kerr. First Sabbath in September, Mr. McCachren. Fifth Sabbath in September, Mr. Moury.

Marsh Creek—First Sabbath in May, Mr. Wilhelm. Fifth Sabbath in May, Mr. Craig. Fourth Sabbath in June, Mr. Mahon.—Fourth Sabbath in July, Mr. Kerr. Fourth Sabbath in August, Mr. McCachren. Fourth Sabbath in September, Mr. Woodburn.

VALUABLE PROPERTY.—By advertisement in to day's paper it will be noticed that Dr. M. D. G. PFEIFFER intends to offer his valuable Property in New Oxford, at Public Sale, on the 11th of June. New Oxford is a pleasant and thriving town, conveniently located with reference to Railroad communication with the County seat and the Cities, and this property presents special attractions to capitalists.

We understand that the Dr. expects next August to make a visit to the "Father land," and spend the greater part of a year in rejuvinated and united Germany, which, under the decisive policy of King WILLIAM and his renowned prime Minister BISMARK, now stands in the front rank of European nationalities.

THE EIGHT HOUR LAW.—The following is the eight hour law passed at the late session of Legislature:

SEC. 1. That on and after the first day of July, 1868, eight hours of labor between the rising and setting of the sun, shall be deemed and held to be a legal day's work in all cases of labor and service by the day, when there is no contract or agreement to the contrary. *Provided*, The pay be the same as in ten hours.

SEC. 2. This act shall not apply to, or in any way affect, farm or agricultural labor or service by the year, month or week; nor shall any person be prevented by anything herein contained, from working as many hours overwork, or extra work as he or she may see fit, the compensation to be agreed upon between the employer and the employee.

SEC. 3. All other acts or parts of acts relating to the hours of labor which shall constitute a day's work in this State are repealed.

☞It would be a gross libel to say that ladies use tobacco, yet if you present a bottle of Phalon's new perfume, "FLOR DE MAYO," to a pretty girl, she will be very apt to open it and take a little snuff. Sold by all druggists. 1—3

TOWN IMPROVEMENTS.—On Friday last, Prof. EHRENHART sold building lots opposite the Preparatory Department to Mrs. Dr. Baugher and Emanuel J. Ziegler, jr., for $300 each, and to Robert McCurdy, for $200, on all of which handsome improvements will be made.

Messrs. Fahnestock & Duncan have sold a building lot on East York street, to William F. Baker for $150.

Jacob Benner & Son intend building two houses on Washington street.

The Lodge House at the entrance to the National Cemetery has been beautified by a French roof, a wide vernanda around the entire building, and by other improvements adding to its comfort and appearance.

David Sterner has sold to Jacob Sheads, two lots on corner of Strattan and Railroad street, for $550 cash.

In addition to improvements formerly noticed, we gleam the following from the last *Compiler:*

Chambersburg Street.—E. H. Minnigh's house is finished, and John Gruel's nearly so. Both are decided improvements, with an attractive city look.

Geo. H. Swope has commenced the erection of a two-story frame building adjoining Dr. Tate.

The row of brick residences owned by Messrs. Fahnestock and Duncan, W. T. King, Wm. H. Culp, and Geo. Weikert, is being re-painted and otherwise repaired.

Henry McDannell is about to build a two-story frame dwelling, near the end of the street.

C. J. Tyson's property shows considerable improvement. The House has been entirely repaired and the grounds are being laid out tastefully.

York Street.—On this street the only improvement we notice is that of Simon Codori's house. He has remodeled the front, and repaired throughout. It will look first class when finished. The building adjoining is soon to be treated to a new brick front and other additions, with a view to its use as a fresh meat store.

Carlisle Street.—John Reiling is about erecting a shoemaker shop, adjoining S. R Tipton.

On the Mummasburg road, near the College, Geo. E. Kitzmiller has commenced the erection of a neat two-story frame dwelling.

Washington Street.—Peter Thorn has fitted up the property on the corner of South Washington and High streets, for a bakery. The building has been enlarged by a back building, and the whole tastefully painted.

James Foster sold to Samuel Koser a lot of ground, fronting on Washington street. We understand it is Mr. Koser's intention to build a two-story brick residence thereon.

Mr. Foster also sold a half lot to Rev. Mr. Jamison, adjoing the above.

Joseph Wible is about to erect a large Warehouse on the corner of Washington and Railroad streets. The building will be used in the forwarding business.

Samuel Little has finished a weather-boarded house opposite the College Campus.

On the same side of the street, Wm. T. Ziegler has commenced the erection of a two-story frame dwelling.

East Middle Street.—Wm. C. Strickhouser has erected a two-story frame house, near the corner of Stratton.

Levi Mumper has just finished a two-story frame back building to his residence, opposite the Methodist Church.

West Middle Street.—John Zhea has finished a snug one-and-a-half story frame dwelling, near West street.

John Tawney has put up a two-story frame house at the end of the street.

Stratton Street.—C. A. Miller's two-story frame house, near the Railroad, is nearly finished.

Samuel Cassatt has commenced the erection of a two-story frame house on North Stratton.

High Street.—David Bluebaugh is about completing a very neat and comfortable two-story frame dwelling on this street.—The building is on the cottage order.

John Swope has re-painted and otherwise improved his property.

Mrs. Maria Wisotzkey's frame cottage, opposite the Fair Grounds, looks well.

Breckenridge Street.—A. R. Feistel has just erected a two-story frame dwelling, adjoining his present residence. This building displays considerable taste.

John Weirich is about to erect a two-story frame building, on the lot adjoining his dwelling. From what we learn concerning it, it will be a neat and comfortable cottgge.

CONFERENCE.—The York County Conference of the Lutheran church will meet in St. Paul's church near New Chester, on Monday next, May 18. In the evening there will be a sermon by the President; on Tuesday afternoon, at 2 o'clock, a Children's Jubilee; in the evening Preaching; and on Wednesday evening a Jubilee meeting. Interesting addresses may be expected on both occasions.

TIMBER LAND SALE.—We would call the attention of Farmers and others, wanting Rails and Posts, to the sale of PAXTON & WITHEROW, advertised for the 16th inst.—We understand their lands abound in Chestnut and Locust, such as have not been in the market for some years. See advertisement in another column. 1t

☞JOHN W. YEATTS, formerly with DUPHORN & HOFFMAN, in this place, is now with M. M. MARPLE & Co., dealers in Notions and Fancy Goods, 53 North Third st., Philadelphia. Mr. YEATTS enjoys a large acquaintance, and having fine business capacity, with the confidence of the public, he cannot fail to succeed in his new place. "Spring it is cherry,
Winter is dreary,

When he is shaken,

Why, take Plantation Bitters, to be sure, and with them a new lease of life. The old are made young again, the middle-aged rejoice, and the young become doubly brilliant by using this splendid Tonic. Dyspepsia, Heartburn, Liver Complaint, Headache, Pains in the side, "Crick in the Back," and all symptoms of Stomachic Derangement, yield at once to the health-giving influence of Plantation Bitters. They add strength to the system and buoyancy to the mind.

☞Magnolia Water is a delightful toilet article—superior to Cologne, at half the price. May 6.—2t

THE DIFFERENCE.—One of the chief points of difference between civilized and barbarous mankind is in the attention given to the natural covering for the head; the one being carefully cut, cleansed and brushed, and the other allowed to remain dirty and unkept. The using of "Barrett's Vegetable Hair Restorative" will ensure all that could be desired by civilization or ignored by barbarism.—*Boston Post.* 1t

☞"Time tries all things" and has proved that *Dr. Wistar's Balsam of Wild Cherry* is the remedy *par excellence* for the cure of coughs, colds, croup, hooping-cough, bronchitis, asthma, phthisic, sore throat and influenza. It cures coughs and colds *instanter!* It soothes the irritated parts; it heals the inflammation; and even consumption itself yields to its magic influence. 1t

MRS. S. A. ALLEN'S IMPROVED (*new style*) HAIR RESTORER OR DRESSING, (*in one bottle.*)—Two weeks' trial, and you have the guarantee that you will not have a gray hair in your head. The natural color and beauty are restored, and a new and luxuriant growth is the result. We hear this spoken by those who have used it, and we predict hosts of friends for the improved preparation, and we are happy to state the price is only One Dollar per bottle. Every Druggist sells it. 1m

No. 2, One-fourth an Acre, with the improvements thereon, adjoining the former.

No. 3, Lot of Ground, adjoining New Oxford on the east, whereon is erected the building of the New Oxford Institute, and laid out in Building Lots, containing one-fourth of an Acre of ground each, fronting the Turnpike and High street, and extending the town eastward.

No. 4, Five Lots of Ground, containing together 16 Acres, more or less, close to New Oxford, and fronting on the Turnpike leading to York—every lot accessible from the turnpike. The above land is all in a prime state of cultivation, and will be sold entire or in parcels, as may suit purchasers.

The town of New Oxford is a prospering and handsome village, on the line of the Gettysburg and Hanover Railroad, 10 miles from Hanover, proverbially healthy, and a favorite retreat, in the hot season, of citizens of Baltimore, with which city there is communication by railroad twice a day, (Sundays excepted,) in about 3¼ hours. Washington is about 5 hours and Philadelphia 6 hours distant.

The COLLEGE BUILDING has a front of 60 feet, depth 34 feet, and 56 feet high, substantially built, and can easily be transformed into an elegant country seat, from the top of which, by reason of its elevated position, there is a free prospect, in a clear day, of the whole of Adams county, and one-half of York and Carroll counties—there being no surrounding hill high enough to obstruct the view.

For further information address the proprietor, residing in New Oxford. Conditions will be made known on day of sale by M. D. G. PFEIFFER,
J. F. KOEHLER, Auctioneer. Proprietor.

THE OFFICIAL HISTORY
OF THE WAR,
Its Causes, Character, Conduct and Results.
BY HON. ALEXANDER H. STEPHENS.
A BOOK FOR ALL SECTIONS AND ALL PARTIES

This great work presents the only complete and impartial analysis of the Causes of the War yet published, and gives those interior lights and shadows of the great conflict only known to those high officers who watched the flood-tide of revolution from its fountain springs, and which were so accessible to Mr. Stephens from his position as second officer of the Confederacy.

To a public that has been surfeited with APPARENTLY SIMILAR PRODUCTIONS, we promise a change of fare, both agreeable and salutary, and an intellectual treat of the highest order. The Great American War has AT LAST found a historian worthy of its importance, and at whose hands it will receive that moderate, candid and impartial treatment which truth and justice so urgently demand.

The intense desire every where manifested to obtain this work, its Official character and ready sale, combined with an increased commission, make it the best subscription book ever published.

Grand Jury Report.

TO the Court of Quarter Sessions of the Peace in and for the county of Adams:

The Grand Inquest, inquiring within and for the said county of Adams, beg leave to report: That they have visited the Public Buildings of the county—that they are able to report favorably of the condition of the Jail finding it in good order.

That the same can be said of the Alms House, except as to the apartments assigned to the insane, the cells in the insane hospital being damp and unwholesome, calculated to thwart the efforts and services of the Physician and the Steward and his family in behalf of those unfortunates, and we would earnestly recommend that more suitable accommodations be provided for them.

We would add that we found one of the furnaces in bad order—in fact, worn out, and report favorably with regard to the contemplated improvement, viz., placing a new one in its place, whenever it may suit the convenience of the officers having the matter in charge.

The Auditors, in submitting the above statement as to the condition of the Bounty fund of Cumberland township, report that the apparently large amount of exonerations granted on Duplicates of 1865 and 1866, was occasioned by assessing a large number of persons who were exempt by reason of service in the army. They would also report that the suit brought by the township for the recovery of money paid for men never credited to the township has been decided in favor of the township. If the money can now be made there will be $1,500 (less expenses of suit) towards reducing still further the township liabilities.

REAPERS AND MOWERS.
DODGES' PATENT
OHIO AND BUCKEYE,
E. BALL & COMPANY'S
WORLD'S REAPER & MOWER.

HAVING had considerable experience in the sale of Reaping and Mowing Machines in the last few years. I have made it a point to offer no machine to the farmer that will not when thoroughly tested give general satisfaction, and hence have declined the agency for all but what I regard the very best in the market. I now offer to the farmer the coming Season, two of what I consider the best machines in use.—Last season I sold thirty-five of the OHIO & BUCKEYE Patent which have given entire satisfaction. No machine has been returned, neither has there been any difficulty with any one to whom they were sold—all paying for their machines promptly. Certificates from those who have purchased, could be procured, but I deem it unnecessary—but for information would refer those wanting machines to any of the following gentlemen who purchased and have been using these machines:

Jacob Raffensperger,	Edward Wagoner,
Jacob Fidler,	Samuel Wagoner,
William Wert, Jr.,	John Brinkerhoff,
Benjamin Shelly,	William Bigham,
Newton Horner,	Rush Bigham,
Silas Horner,	Dr. Goldsborough,
John Herbst,	Henry Spangler,
Joseph Gelbaugh,	James Marshall,
Joseph Culbertson,	Frederick Peffer,
George Bushey,	Henry Weikert,
Daniel March,	Henry Butt,

This machine has been awarded medals and first Premiums by the Pennsylvania, Iowa and New York State Fairs, and by hundreds of County Fairs in all parts of the country, including the *Adams County Fairs,* having received the first Premium at Bendersville in the fall of 1866, and at Gettysburg in 1867, as the best on exhibition.

This machine has met with the most complete success. In every section where it has been introduced, it has taken precedence over machines which have heretofore ranked as first class. In compactness, lightness of draft, excellence and elegance of workmanship and finish, combined with great strength and adaptation to all kinds of work, it will surpass any machine heretofore offered to the farmer. The Self-Rake on this machine has been considerably improved in the last Season, and is warranted to give general satisfaction or no sale.

THE WORLD'S MOWER AND REAPER,

This is an entire new machine, but judging from its construction and the testimonials it has received, it will be the leading machine. The gearing is cut out of solid Iron, making every wheel and cog exact, fitting up close, and running as true as a clock, which makes the machine much lighter of draft, and no cutting of cogs or wear. The gearing is all closed in a tight case the same as a watch, entirely excluding water, dirt, or grass, and indeed preventing everything that is calculated to prove injurious to the machinery. To oil, you simply open the lid when all the oiling places are exposed and conveniently oiled. The burs are all encased the same as the gearing and cut in the same way and when once tightened down—there is no danger of working loose, as is the case with other machines. The Company do not hesitate in saying that this machine, with proper care, will last a man a life time, which is a matter every farmer should take into consideration, before buying at the present high prices of machines.

TESTIMONY OF REV JACOB B. TROSTLE,
LINGANORE, FRED'K., CO., MD., April 22, 1868.

MR. WM. WIBLE:—Last year I purchased one of E. Ball's WORLD'S REAPERS, and used it last harvest in cutting my own Grain and Grass and some of my neighbors, and have no hesitation in saying that it gave me more satisfaction as a combined machine than any I have ever used, although I have tried some seven or eight other machines. I regard it the BEST machine in market, and do not hesitate to recommend it as such to any person wanting a first-class machine.
Yours, &c., J. D. TROSTLE.

I can also furnish BALL'S OHIO to those wishing that machine.

I can furnish these machines to suit farmers, and will sell as single Mowers or Combined Machines as Mowers—Self-Rake—Hand-Rake—Dropper—or Dropper and Hand Rake combined. I am also agent for BOPE'S DROPPER, which can be attached to any make of machine. Those having old machines on hand, and wishing a Dropper can be accommodated by sending in their orders early and naming the kind of machine to which they wish them to be attached. Price $30.

Sample machines can be seen at the residence of the subscriber, two miles from Gettysburg, on Harrisburg road, or at the Warehouse of COBEAN & BIGHAM, Gettysburg, Pa.

I also keep on hand

WIRE-TOOTH HAY RAKES, STEEL PLOUGHS, FEED CUTTERS AND FARMING IMPLEMENTS GENERALLY.

Farmers would do well to examine my machinery before buying elsewhere as I keep nothing but the best.

Extras constantly on hand, and I have made arrangements to have repairing done in the best possible manner at short notice and moderate charges.

WEAVER'S PATENT ADJUSTABLE SELF-FEEDING
ROCK DRILL,
ONE OF THE GREATEST IMPROVEMENTS OF THE AGE,
Being the first successful attempt to apply machinery to Rock Drilling for blasting purposes, and which will answer equally well for splitting Rock and drilling holes in Rock for any purpose.
PATENTED JULY 16, 1867.

THIS Drill has everything that is desired in a Rock Drill. It has any amount of adjustability, so that it will stand on any uneven surface, where it is possible for a man to drill.

It drills perpendicularly, or at any angle up to 55 degrees, and any depth or dimensions required for Blasting.

It operates easily, and with one of these Machines a man can do five times the amount of work done in the old way, in the same time. In ordinary Rock it will drill one inch per minute.

With this Drill, Farmers, who have rough land, can clear the rock off with little expense, as any person who can turn a wind mill can operate the drill.

It can be used in Wells, Cellars, Coal Mines, or any place that Rock is met with.

☞The undersigned having purchased from the Patentee, WILLIAM WEAVER, all his interest in said Letters Patent in and to the State of Pennsylvania, are prepared to sell *County and Township Rights* in said State, on reasonable terms. We have also been constituted, by Letters of Attorney, Agents for the Patentee, for the sale of State Rights throughout the United States. Persons desiring to secure County or Township Rights in Pennsylvania, or to secure the Right for other States, will address,

HOW TO RAISE EARLY TOMATOES AND LIMA BEANS.

Tomatoes can be raised ten days earlier than usual by *topping the vines*. Ninety per cent. of the fruit is within eighteen inches of the ground, and ninety per cent. of the vine is beyond that distance. The vine does not bleed, so that it may be cut fearlessly, and the removed branches should be dug beneath the surface. The proper time is when the first fruit is of the size of an egg. The same principle applies to lima beans. If allowed to grow at will, they will measure forty feet; but the first beans are formed on the lower part of the vine, and many of those on the upper part of the vine never ripen. When the beans are five feet and a half high, pinch off the terminal bud, and repeat this process should a new shoot start from the final leaf-stalk. In consequence of this shortening-in, new shoots will be thrown out from the main stalk, and these will be well filled with beans, and so early in the season as to perfect their ripening before frost. As compared with the old system of permitting the vine to run at any length unchecked, this has many advantages. The main stalk becomes twice as large, the fruit-bearing shoots are all formed early, and the amount of crop is doubled. On the old system more than half the bean-pods are developed too late to perfect themselves before frost. Lima Beans require heavy fertilization, and even the most highly nitrogenous manures may be fearlessly applied in large quantities. Peruvian guano may be used with great profit for this crop.

Several cultivators have tried different methods of cultivation. One was in the habit of using poles five or six feet high, with rails tied on the top horizontally. Thus treated the beans bear an abundant crop.

Another planted about the middle of May, in drills. The beans were three or four inches apart in the rows. For the want of poles, pea-brush was used, and the vines ran all over it. The crop was a very good one.

Others, using poles, let the bean run to the top of the pole, and then turn it down; if too long or vigorous, it is turned up again.

But the simplest, most effective, and most approved method is as we have stated: nip off the shoots at 5½ feet, and train to poles 3½ feet apart.

CULTURE OF THE SWEET POTATO.—The peculiar requirements of the sweet potato are, a rich sandy, or sandy loam soil, warm and dry. Our Northern droughts and heat do not affect them as they do the common potato, as their native habitat is a warmer climate, with plenty of sun. To secure these, plant on our warmest soil, in round, high hills. Prepare the ground by good manuring and plowing, as for other hoed crops. Any good farm manure, well worked into the soil, is good, as the sweet potato is not as particular as the Irish in this respect, but good fermented farm-yard manure they luxurate in. Mark the places for hills three feet from centers, by setting up sticks, and if further manuring is thought necessary, put a shovelful of any composted farm manure in the hill, and mix it well in the upper soil; raise the hill with the hoe or shovel, ten inches high, rounding them off. This is for garden culture; for field or more extended culture, it is more economically done with the team and plow. As soon as danger of frost is past, which in this latitude is from the middle of May to the first week in June, set the plants, two good strong ones, or three smaller, to a hill, first brushing off a little of the topsoil of the hill; set the plants down to the first leaf, pressing the soil carefully, firmly and close around the bottom. Damp or wet weather is best for transplanting, although by watering well they may be set at any other time.

The after cultivation consists mainly in keeping the ground clear of weeds, as for other hoed crops. The vines start slowly at first, but after awhile they run vigorously.—In hoeing them, haul the soil towards the plant, and occasionally lift the vines, to keep them from taking root. At the first frost, to cut the vines, dig them in a dry day, and after drying off the soil, store them in a warm place from frost. They must be handled as carefully as choice fruit, to insure keeping.—A few may be drawn in August, or earlier, by running the finger into the hill, and when a good-sized one is felt uncover it, and carefully remove it from the stem, taking it out and returning the soil to its place.

Where the crop is raised on a small scale, it is better to procure the plants from nurserymen, or other experienced propagators, as they are a somewhat peculiar plant to produce.—Sweet potatoes are often raised on ridges, eight or ten inches high, three to four feet apart; the plants are set on the top of ridges, twelve to sixteen inches apart. More chubby ones are raised where sods are placed in the bottom of the ridges, as the meeting the sod prevents the extension in length. The ridges should run north and south, to more fully receive the benefit of the sun's rays in warming up the soil. The vines should occasionally be lifted, and kept on top of the ridges.—W. H. WHITE, *in Country Gentleman.*

* * *

PLANTING CUTTINGS.—We are constantly hearing people say that they have no *luck* in making grape or other cuttings grow—just as if luck had anything to do with it. They fail in not giving due attention to the matter; in other words, the cause is neglect and indifference. The old adage should never be forgotten, apply it wheresoever we may—"A thing that is worth doing at all is worth doing well."

There should be properly two eyes to every cutting; then dig a trench—set the cuttings at an angle of 45 degrees, (at least six inches part) so that the upper eye shall be an inch above the ground—and press the earth around the wood firmly with the foot. It is well to mulch them with grass or straw; and if need be water them occasionally in the dryest weather. This is of course for the farmer and the amateur. The nurserymen propagates from a single eye, stuck together as closely as possible.

Some varieties of the grape are propagated much more freely than others. For instance the Concord, Maxatawny, Hartford, Prolific, Telegraph, Clinton, Cassiday, &c., take root readily; while the Delaware and Diana are difficult to propagate in open culture unless great care is paid to them, and a good portion of wood is used.

We all know how easily currants and gooseberries are thus grown. We have had both the latter to bear the year after setting out.—Currants and gooseberries should be set out just where they are wished to stand permanently. If you prefer a *tree*, cut out all the eyes beneath the surface of the ground; if a *bush*, let the eyes remain. These cuttings ought to be planted at least eight inches deep, and the earth pressed firmly around them.

A large proportion of flowering shrubs can also be propagated by cuttings—and this should be known by all who have "luck" in multiplying their stock in this way.—*Germantown Telegraph.*

WHOLESOMENESS OF APPLES.—Raw, mellow apples are digested in an hour and a half, while boiled cabbage requires five hours. The most healthful dessert that can be placed upon the table is a baked apple. If eaten frequently at breakfast, with coarse bread and butter, without meat or flesh of any kind, it has an admirable effect on the general system, often removing constipation, correcting acidities, and cooling off febrile conditions more effectually than the most approved medicines.

THE GREAT CHOLERA PREVENTATIVE.

I.
X. 1866. L.

THE GREAT

Zingari Bitters.

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Cheopsus, an eminent Egyptian physician.

He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

This great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was led to think and experiment; and after ten years' study and labor, he presented to his fellow-man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopsus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with such great success, that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an ounce of prevention is worth a pound of cure, applies with marvellous force to cholera, and therefore any remedy that will protect us against his terrible disease should be freely and persistently sued.

All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination which acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism This is true not only of cholera, but of nearly all other maladies, especially the different forms of fever.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting.

Numerous cases of the following diseases have been cured by it: Cholera, Diarrhœa, Dysentery, Scrofula, Typhoid and Typhus Fever, Fever, Ague, Nervous Debility, Anaemia, Female Irregularities Dyspepsia Flatulency, Colic, &c.

Price One Dollar per quart Bottle.
